Now, you can fix your own *muhurtam*

First South Indian English almanac is here to guide you, says Prabhakar Chakravarty Sarma

BRIDGING BARRIER

BVS Bhaskar

RAJAHMUNDRY: Can we fix our own *muhurtam* or suggest some *muhurtams* to our relatives or friends by looking into an almanac (*panchangam*) that is available in market. No, it is not possible. Majority of traditional Hindus wait for an auspicious day to do some important work or take up job or purchase new item or land.

They consult Vedic pundits, purohits or Brahmmins who are well versed with almanacs (*panchangams*). May it be a science or not, Astrology

is the base for any almanac and astrologers follow different almanacs and books to fix any auspicious things.

But, here is the first South Indian English *panchangam* that was released recently at the adobe of Lord Sri Seeta Ramachandra Swamy at Bhadrachalam.

An M.Tech graduate and senior Engineer in UK-based HMC Oil and Gas Company, Chilikamarti Prabhakar Chakravarty Sarma had written this English *panchangam* with all the minute details. "You can fix your own *muhurtam* with my *panchangam*. Language is the barrier for most of the young generation. Many of my friends in IT sector and NRI's asked me to write *panchangams* in English," said Mr. Prabhakar.

In Telugu, there are a number of *panchangams* which tells about positions of Sun,

Moon and other planets and the astrologers, pundits will fix *muhurtams* or prepare horoscopes and predictions, based on this and also with the help of some arithmetic calculations. Sri Chetananda Bhabari Swami is the inspiration for Mr. Prabhakar to write this *panchangam* with South Indian months, *vara* (week), *thithi*, *nakshatra*, *yoga* and *karanam*. The 200-page English *panchangam* includes auspicious days for *upanyasnam* (thread marriage), marriage, *graharavnam*, *annaprashana*, naming ceremony, buying and selling, *Gauri panchangam* for day-to-day works and importance of festivals.

Speaking to *The Hindu*, Mr. Prabhakar, native of Vemmagiri near Rajahmundry said, that he wants to write an

"Indian Traditional Travel Guide" about his complete tour of India.

He further elaborated that book with research and self experiences in all important pilgrimage centres, customs that one should follow in respective places will be included.

He informed that he kept 2014 and 15 English *panchangams* ready and also wants to write in Telugu. When he was asked to react on variations in *panchangams*, Mr. Prabhakar said that, time zone variation is the main reason for variations in different *panchangams* and the present generation is showing interest on *panchangams* and horoscopes, because they want to know about rich culture, traditions and customs of the country.

CHILAKAMARTHI.COM- ABOUT SWACHH BHARAT AND SWACHH PUSHKARAS 2019-20

Dear Readers,

"YATRA SUCHI HI TATRA LAKSHMI" The law of Vedas regulates the Social, Legal, Domestic and religious customs of Hindus to the present day. One of the strata depicts the importance of cleanliness. Where there is suchi (cleanliness) there will be money. The same should be applied to modern scenario. Cleanliness is portraying image of the country. Puranas/SanathanaDharmas (Hinduism) have giventop most priority to cleaning (Swachhtha). People from the past used to construct houses without effecting environment. People used to construct houses as per vastu. Here vastu means planning their lives and constructing house with proper usage of all fiveelements of nature and not effecting the environment. In olden days particularly in villages of India, people used to plant trees in their house and premises. Plants like Tulasi (Queen of herbs) are used to be found in almost every house earlier. Tulasahas healing property of the mind, body and spirit which is regarded in Ayurveda as an "elixir of Life", which is well known to promote longevity. Also there are some of the plants people their houses and villagesare Neem, pomegranate (Anaar), Lime, Orchid Trees etc. People used to plant Asoka trees, banyan, amla (gooseberry), coconut and other big trees in village. Ashoka tree has very significant medical properties particularly related to gynec problems. Some of the plants are worshiped as a goddess in India. All these trees possess Ayurvedic properties and help in keeping the environment clean. In olden days people in India used to clean their houses every day early morning. They used to visit temple or do puja in house. Particularly in grahanas (eclipse) time people used to clean their house and other premises 2 to 3 times a day. People in India have got cleanliness in their blood. Now a day, being in rat race situations, particularly young generation, they are unable to manage or do the minimum cleaning which they need to do in their own premises. I am not saying allthe young generation is like that, but most of them are in such a stage.

I, Chilakamarthi Prabhakar Chakravarthy Sarma, Panchanga Kartha, Senior Manager working in AGL (JV of GAIL & HPCL) give my complete support through my books, websites www.chilakamarthi.com & www.southindianastrology.org to PM of India Sree Narendra Modis Swachh Bharat Mission. On behalf of this, I extend my complete support to Mission Swachh Bharat. On behalf of this event in particular I would like to suggest my readers to make it A Swachh Brahmaputra Pushkaras in year 2019-20 sreevikarinaama year.

MISSION SWACHH BRAHMAPUTRA PUSHKARAS BY CHILAKAMARTHI PRABHAKAR CHAKRAVARTHY SARMA:- Kindly follow these things at the time of brahmaputra river pushkaras in 2019-20-

- 1) Pushkaras is meant for an auspicious time and people should go for PushkaraSnana. They have to go for removing their sins and to pray for the Devatas and Pitrudevatas blessings, but not just for bathing in river with soap/shampoo. So never carry soaps/shampoo for bathing in river for pushkarsnana. (Instead plan to bath with natural products as prescribed in Snan Vidhi of Pushkaras – with Turmeric (Haldi), Gandha and Neem leaves which are very good for human body and environment)
- 2) Don't throw any waste in river like papers, plastic, covers etc. Throwing of the materials used for worship or rituals in the river is a sin.
- 3) Urinating in river is a sin. Stop doing that kind of activity.
- 4) Do not wash your clothes on the river banks. This should be avoided.
- 5) Use dustbins to throw Garbage.
- 6) While keeping or floating deepas you should float them in deep made by leaves (banana leaves).

"Keep clean, Let us create Swachh Bharat-good environment to future generation"
The best time to start this is today and the clock strives hours to follow the above.

Thanks for reading and I will be very happy if you follow this.

1. ABOUT HINDUISM (SANATANA DHARMA)

Hindu scriptures state that anyone who searches after truth is a Hindu. According to Hindu scriptures, there is one and only god and one truth. Rig-Veda proclaim, "ekam sat, viprah bahudha vadanti" (there is only one truth, only men describe it in different ways). Hindus believe in one god that is god Brahman which expresses itself in millions of forms. Hindus do not believe god has human form or any other form. God is nameless and timeless. But there is nothing wrong to worship a god with name and form [nama-roopa].

As per Hindu scriptures, by worshipping god by any name, you are actually worshipping one and only god Brahman. So a Hindu believes that by worshipping god with any form or name, you are actually worshipping the same god Brahman. (Brahman: the ultimate reality underlying all phenomena in the Hindu scriptures)the bhagavad gita said: call him by whatever name you like, worship him in any form you like, it all goes to that one ultimate, infinite, supreme reality. The very first sacred book of Hinduism is called Vedas. Vedas means knowledge. There are four Vedas and they claim to teach men the highest aspects of truths which can lead them to god.

1) **VEDAS: ("Knowledge")**

RIG VEDA	KNOWLEDGE OF HYMNS
YAJUR VEDA	KNOWLEDGE OF LITURGY
SAMA VEDA	KNOWLEDGE OF MUSIC
ATHARVA VEDA	KNOWLEDGE GIVEN BY SAGE ATHARVA

4) **DARSANAS [HINDU JNANA YOGA - PATH OF KNOWLEDGE]**

● NYASA: BY SAGE GAUTAMA WROTE NYAYA SUTRAS
● VAISHESHKA: BY SAGE KANADA WROTE VAISHESHKA SUTRA
● SAMKHYA: BY SAGE KAPILA- GITA STARTS WITH THIS PHILOSOPHY
● YOGA: BY PATHANJALI WHO WROTE PATHANJALI YOGASUTRA
● MIMAMSA: BY SAGE JAIMINI WHO WROTE MIMAMSA SUTRA
● VEDANTA: BY SAGE VEDA VYASA

5) **VEDANTA**

AT THE END OF VEDAS MEANING IT STARTED AT THE END OF VEDIC AGE:

● ADVAITA PHILOSOPHY- ONE ONLY -GREAT EXPONENT ADI SANKARACHARYA
● DWITA PHILOSOPHY - TWO - SREE MADHVACHARYA FOUNDED IT.
● VISISHTA ADVITA BY RAMANUJACHARYA.

6) **ITHIHASAS: MYTHOLOGICAL SCRIPTURES**

ABOUT PUSHKARS OR PUSHKARAM

Pushkaram is word derived from pushapustho dhato. Pushkaram means twelve years. pushkaram also means holy water. Pushkaram is known for the punya snan. The Pushkaram for each river come once every twelve years and lasts so long as the Jupiter remains in the corresponding Zodiac sign (generally, for one year). The first twelve days of guru entering a raasi are known as Pushkaram for that particular river. It is believed that during the above period of twelve days, "Pushkar" the person, who is imbued with the power to make any river holy, will travel with Jupiter. As Jupiter moves from one Zodiac house to another this pushkar travels in each river as mentioned in below chart.

Legends speak that Brihaspathi - the Devaguru enters into each of the twelve raasis and lives in it for one full year. Just at this auspicious moment, Pushkar along with his three and half crore thirthas, and Maharshis join him and make the water holy. The Ganga Pushkaram begins with the advent of Brihaspathi in the Mesha raasi and he lives there for one full year. Likewise when he enters in Vrishabharaasi Narmada Pushkaram; Saraswathi Pushkaram when in Miithinaraasi; Yamuna Pushkaram when in Karkataka raasi, Godavari Pushkaram when in Simharaasi, Krishna Pushkaram when in Kanyaraasi; Kaveri Pushkaram when in Tularaasi; Bheema Pushkaram when in Vrischika raasi; Brahma Putra Pushkaram when in Dhanuraasi; Tungabhadra Pushkaram when in Makararaasi; Sindhu Pushkaram when in Kumbharaasi and Pranahitha Pushkaram when in Meenaraasi are celebrated with all pomp and splendour due. The first twelve days of the year of his entering are held very sacred. Then the thirtha raj Pushkar and his horde of three and half of crore thirthas dwell making the water sacred. Along with the first 12 days of his entering, and twelve days before his leaving are deemed very auspicious and so people in crores, undergoing all hardships go to the rivers and follow scriptural injections, like bathing, gifting, feeding etc.

Meaning of word Pushkara:

Pushkara is a Sanskrit word derived from the element of Push (Pushti) meaning nourishment and Kara means one who does it. Pushkara is the energy that nourishes. With reference to the sacred rivers, Pushkara means the one who energize the rivers and provide spiritual purification. Pushkara also means Lotus, sanctified water, Swan, Sword, Sky, Lake Etc... In Sri Vishnu Sahasranama Stothram we find a reference to the word Pushkara where Lord Sri Maha Vishnu is referred to as Pushkaraakshah meaning the one who has lotus eyes, the one who provides nourishment to the entire Universe and the one who is always present in sacred Theerthas. Pushkara also indicates the 12 years' time factor in Vedic terms. Pushkara or Pushkaram is a festival of a particular river celebrated once in twelve years based on the transit of Jupiter (Brihaspathi) in the zodiac.

Religious Story about Pushkaras and Its Significance:

About Pushkara

As per scripts it is said that Pushkara is the son of Lord Varuna the Presiding Deity of all the rivers. As per the legend behind, it is said that, once Pushkara prayed Lord Brahma and asked Him for a boon to live in the sacred waters (emanated from the foot of Primordial Lord Sri Maha Vishnu) of His Kamandalu with the intention of providing purity to all the Theerthas (Rivers). Looking at the selfless desire expressed by Pushkara, Lord Brahma granted him the boon to live in the waters of His Kamandalu. Later, Pushkara also performed penance and acquired the Jala Tattva Siddhi from Lord Shiva as a boon. By virtue of the boons acquired from Lord Brahma and Lord Shiva, Pushkara became the King of all Theerthas and was regarded as the Theerthapalaka.

Puranas about Pushkara & Brihaspathi (Jupiter)

At that time when Pushkara acquired the boons, Brihaspathi (Jupiter) the Devaguru also performed penance and pleased Lord Brahma. Looking at the perpetual sacredness of Pushkara, Brihaspathi wanted Lord Brahma to spare Pushkara to be with him permanently. But Pushkara was not prepared to go along with Brihaspathi. Then, Lord Brahma resolved the situation by asking Pushkara to be associated with Brihaspathi (Jupiter) for 12 days in the beginning and 12 days at the end of his sojourn in a particular raasi (house) in the zodiac, the transit of which generally happens once in a year. Accordingly, twelve sacred rivers have been identified in which Pushkara enters each River once in twelve years coinciding with the transit period of Jupiter in twelve zodiac signs. It has become a custom and tradition since time immemorial to celebrate the transit of Jupiter in a particular house in the zodiac as the Pushkara festival of a particular river. The schedule is as follows. Pushkara schedule starts with Ganga River when Jupiter enters into Mesha Raasi which is the first sign in the zodiac. Incidentally this year it is the turn of Ganga Pushkara that has started from 8th of May, 2011 when Jupiter entered Mesha Raasi. Pushkara schedule for a particular river will be for one year, however, the first twelve days known as Aadi Pushkara and the last twelve days known as Anthya Pushkara are held to be highly sacred.

Significance of Pushkara Bath:

Astrologically Jupiter (Brihaspathi) the Devaguru is the most benevolent planet symbolizing the wealth, fortune, learning, knowledge, divinity, progeny, domestic peace, auspiciousness and above all the karaka for occurrence of Pushkaram. Pushkara the Theertharaja always resides in the Kamandalu of Lord Brahma in the sanctified waters that has emerged out from the foot of Lord Sri ManNarayana. Entry of Pushkara into a particular river signifies the Pushkara festival when, all the Brahmaadi Devathas, all the Sages, all the Pithru Devathas, all the Theerthas in this Bhoomandala including Ganga (Ganges) enters into that particular river along with Brihaspathi and Pushkara. This time

of their entry into a particular river is considered as highly sacred and celestial that has the power to diminish the ghastly and dreadful sins committed. Having darshan, taking bath, touching Pushkara waters, drinking the sacred waters of Pushkara is considered to be highly meritorious and soul cleansing. It is considered as the most sacred time to perform rites to forefathers on the banks of Pushkara River that will help them to attain salvation.

2) Pushkara Snana Vidhi Vidhanam as per Shastras (what to do in pushkara)

Our ancient seers have prescribed certain austerities to be observed during Pushkara time known as Pushkara Vidhi. Most important and every one should do is Pushkara Nadi Snana (taking bath in river), Pushkara Vaasa (staying), Pushkara Darshana, Siro Mundana (tonsuring of head), Fasting, Pushkara Pithru Karma-(This is to be performed whos parents are died), and Pushkara Daana (charity).

A) Pushkara Snana

In Hindu philosophy lot of significance has been given for taking bath which is Nithya karma and that too in a flowing river is considered as the paramount. It is said that during Pushkara all the Brahmaadi Devathas, Sages and Pithru Devathas will be residing in that Theertha (River) along with Brihaspathi and Pushkara. During Pushkara all the theerthas in the Universe will be entering into that particular river and will be flowing as Antarvahini. Taking bath in a Pushkara river will help to cleanse the inner selves, wash out the evil tendencies and open up a path for a righteous living. This bath should be taken early in the morning before Sunrise during Brahma Muhurtham which is highly meritorious time. It is believed that Pushkara Snana also has curative properties from chronic ill health. After Pushkara Snana one has to pray and give Arghya to the concerned Pushkara Theertha (River), Theertha Raja (Pushkara), Brihaspathi, Lord Vishnu who is eternally present in all the Theerthas, Brahmaadi Devathas, Vasishtaadi Sages, Gangaadi Rivers and the Sun God (Sri Surya Narayana).

B) Pushkara – Pithru Karma

Pithru Yagna like performing Pithru Shraaddha, Tharpana have been prescribed to get discharged from Pithru Runa. This has been in vogue since time immemorial and even Avathara Purushas like Sri Ramachandra (Lord Sri Rama), Lord Parashurama have performed Pithru karma. We, the human beings are no exception to this dictum. Performing Pithru Karma during Pushkara days also forms part of the Pithru Yagna which is considered as highly sacred and meritorious. Only those who have lost their parents are eligible to perform the sacred rites to their fore-fathers. Pithru karma during Pushkara days has to be performed for all the deceased (Sarva

Pithru). It has to be performed on the banks of the sacred Pushkara River like a Theertha Shraaddha.

This has to be performed preferably in the form of Anna Shraaddha with Pinda Pradhana and Brahmana Bhojana. Hiranya Shraaddha is also in vogue where instead of rice, wheat flour is used for making Pindas and instead of Brahmana Bhojana they will be offered Dakshina. Pushkara shraaddha can be performed on any day during the 12 day period of Pushkaram, or on the 9th day or on the Pithru thithi day if it coincides except on the day of Ekadasi. It is said and believed that Pithrus (fore-fathers) will descend on Earth during Pushkara days and will reside on the banks of Pushkara River longing for their off-spring to perform Pithru Shraaddha. Performing Pushkara shraaddha, one will be bestowed with blessings from fore-fathers, peace and prosperity to the family. It will also work as remedy for various mundane problems one is facing in life related to marriage, progeny, health, poverty etc.

C) Pushkara Daana (Charity)

During Pushkara period Snana, Shraaddha and Dana are considered to be highly meritorious that gives eternal results. This charity (Dana) can be given to Brahmins in the form of Dasa Dana (10 in number) or Shodasa Dana (16 in number). Some of the charities prescribed are as follows. Anna Dana, Gold, Silver, Bhoo-Dana, Rice, Ghee, Jaggery, Honey, Grandha (sacred text), Vasthra, PaadaRaksha (Chappals), Umbrella, Hand Stick, Fan, Sayya (Bedding), Phala (Fruits), Bell (Ghanta), Paathra (brass/silver vessel), Asana (Mat), Nava Dhanya, Milk, Cow, Salagrama, Pinda Daana.

3) Pushkara bath in River BRAHMAPUTRA:

The Brahmaputra flows through China, India and Bangladesh. Brahmaputra is known by river came from Lord Brahma. Brahmaputra River flows through Assam and enters Bangladesh. From Bangladesh it mixes in to sea.

Important place to take bath in Brahmaputra river in india is sivasagar in assam. Siva sagar is located 16km away from gowhati.

Few people also do Brahmaputra pushkar bath in Pushkar, Jaipur.

In 2019-20 Brahmaputra pushkaras start on 5-11-2019 and ends on 16-11-2019.

In 2019 04-11-2019 night i.e early morning of 05-11-2019 Jupiter enters in to dhanu raasi (Sagittarius). So Pushkaras will start for Brahmaputra river on 5-11-2019 for 12 days.

Note on Karna:

Every day there are twoKarnas coming in first half and second half of Tithi. On basis of the Tithi the karnas are decided.

For example if a Tithi starts at morning 6.00 Am and ends at evening 6.00Pm then morning 6.00 Am to 12.00 Am is First karna and 12.00 Am to 6.00Pm is the Second karna.

NOTE ON VARJYAM

Varjyam can be described as the bad time which should be left in a day for starting good events, subhakarayam's and starting new events, starting journeys etc.

Varjyam is calculated based on the star or nakshatra. Every nakshatra has some bad time which is called as VARJYAM. It is not a fixed time period for a day. You can find the varjyam in panchangam. We should avoid the time between the starting and ending points.

3. ABOUT RAAHU, GULIKA, DURMUHURTHA AND YAMA GANDA KAALA (TIME):

A) GULIKA KAALA:

It is the kala or Time ruled by Shani. It's believed that any activity carried out during Gulika (Flowering Time) period will be repeated once again. So it's an auspicious time for starting activities like building a house, buying assets or vehicles. Marriage should not be conducted during this period for obvious reasons. It is also said that dead body should not be taken out of the house to the cremation ground during Gulika kaala. Here is a table showing Gulika for every day of the week.'Gulika Kala' is considered a good period to undertake new projects.

B) DUR-MUHURTHA KAALA:

Durmuhurtam is the time, which should be avoided for starting a work/ travel / making new deals etc. It is calculated based on suryodayam (sun raise) timing. But several people follow a standard table for Durmuhurtams.

C) RAHU KAALA:

Rahu kaalam is nothing but the rising period of rahu in a day. Rahukaalam is the time which should be omitted for starting a new venture or for a subhakaryam. It is a fixed bad time for a day. Following table will give you the Rahukalam's for every day.

Any activity or journey, whether of short or long distance, initiated or undertaken during Rahu (Dragon's Head) Kaalam is believed to meet a significant degree of failure, lack of success, delay, postponement or no conclusive result. To counteract Rahu Kaalam people avoid commencing important money-related or travel activities, during this time. They leave their current location or have their meetings, or start their activities earlier than or after the Rahu Kaalam period. Of course, you could use Rahu Kaalam to your advantage if you want postponements and delays. Also it's considered very auspicious to perform Durga puja during Rahu Kaalam. Here is a table showing Rahu Kaalam for every day of the week.

No auspicious work is to be initiated or journey undertaken during this time since it will not yield a positive or constructive result. It is believed that Rahu Kaal will not affect the work, journey or trade already in progress however we should not sign any major documents or start a new enterprise in this period. The sale or purchase of any assets is also discouraged during Rahu Kaal. It is a very negative period to be shunned for all auspicious and beneficial activities

D) YAMA GANDA KAALA:

Yamagandam means Yama + Gandam (Lord of death+ Bad Time) death time. Only death ceremonies are performed during Yamagandam. Any activity commenced during this time invites the 'death' of the work or energies relating to that work. So an activity during Yamagandam leads to a failure or destruction of the end-result. Avoid commencing important, money-related or travel activities, during this time. Leave your current location or have your meeting, or start your activity earlier than or after the Yamagandam time. Don't be tempted to use this time-slot to end some issue as it is dangerous to plan an activity during this time as the end- result could be a failure for you. Following is a table showing Yamagandam. It is not considered good time for undertaking any project.

4. TARABAL (ENERGY FROM STARS):

Tarabalam is a very important factor for preparing muhurta for any person.

Strength of Constellation : The constellation ruling at the time of birth is one's Janmanakshatra or birth star and the zodiacal sign in which the Moon is situated at the time of one's birth is one's Janma RAASI (ZODIAC) or Birth Moon. These are highly important. Count from the birth constellation to the one ruling on the particular day on which a new work is to be done or a journey undertaken and divide the number by 9 if divisible. Otherwise keep it as it is. If the remainder is

- 1) Janma: It indicates Danger to Body. Adipathi is Sun (Ravi). Not so good.
- 2) Sampat: wealth and prosperity. Adipathi is budha.Good
- 3) Vipat: It indicates dangers, losses and accidents. Adipathi is Rahu-Very Bad.
- 4) Kshema: It indicates prosperity. Adipathi is Guru. It is Auspicious.
- 5) Pratyak: It indicates obstacles. Adipathi is Ketu.Bad
- 6) Sadhana: It indicates Realisation of Ambitions. Its Adipathi is Chandra. Very Good

- 7) Naidhana: It indicates dangers. Adipathi is shani.It is worst.
- 8) Mitra: It indicates Happiness & Comforts. Its Adipathi is Sukra.It is Auspicious
- 9) Parama Mitra: Favourable. Adipathi is kuja.It is good.

You can calculate tarabalam of your nakshatra easily by following above table.

For Aswini nakshatra (ASW) if the day nakshatra is Hasta (HAS) it will be kshema tara good day for any task. Similarly for same asw if it is Swathi (SWA) it is nidhana tara very bad.

5. EKAVIMSHATHI MAHA DOSHA FOR MUHOORTHAS:

THE 21 MOST IMPORTANT DOSHA SHOULD BE CONSIDERED WHILE KEEPING MUHURTA(AUSPECIOUS TIME FOR THR TASK)

There are 21 great evils (ekavimsati mahadoshas) which are to be avoided for any auspicious work. They are:

A. PANCHANGA SUDDHI:

Panchanga consists of tithi, vaara, and nakshatra. yoga and karana. All these must be auspicious. In regard to lunar days, the 4th, 6th, 8th, 12th and 14th, full and new moon days should be avoided. In regard to vaara, Thursday and Friday are held to be suitable for all works. Tuesday, is to be generally avoided except when it happens to be the 10th, 12th or 16th day of the child's birth when the child's Namakarana (baptising or giving name) may be performed. Of the several Nakshatras, Bharani and Krittika should be avoided for all auspicious works as these two are said to be presided over by the god of death (Yama) and the god of fire (Agni) respectively. In urgent cases if the Lagna could be fortified, the dosha due to nakshatra may get neutralised. The last parts of Aslesha, Jyeshtha and Revati should also be avoided. Coming to the Yoga (vide page 12) the 6th (Atiganda). 9th (Soola). 10th (Ganda), 17th (Vyatipata) and 27th (Vydhruti) have deleterious effects upon events which are started or commenced under them: The Karana chosen must be appropriate to the election in view. Thus Bava is auspicious for starting works of permanent importance while Thaithula is propitious for marriage. Bhadra is unfit for any good work but is eminently suitable for violent and cruel deeds. For getting initiation into kshudra mantras Sakuni Havana is propitious. Therefore, Panchanga Suddhi means a good lunar day, a beneficial weekday, an auspicious constellation, a good yoga and a fertilising Karana.

B. SURYA SANKRAMANA:

The 2nd great evil is Surya Sankramana or the solar ingress into different zodiacal signs. When the Sun is about to leave one sign and enter another there seem to occur certain disturbances in the organisation of the solar forces and such times are not recommended for any good work. On the contrary, they are held to be propitious for meditation, initiation into secret mantras and performance of certain religious rites which are held to purify not only the bodily electrical discharges but also the mental currents. Sixteen ghatis (6 hours 24 minutes) both before and after the entry of the Sun into a new sign should be rejected for all new works.

C. KARTHARI DOSHA :

Karthari means scissors. In an election, when two evil planets are placed on either side of the Lagna, the combination goes under the special name of Karthari Dosha and it should be rejected for good work particularly in regard to marriage.

D. SHASHTASHTA RIPHAGATHA CHANDRA DOSHA:

The Moon should invariably be avoided in the 6th, 8th and 12th houses from the Lagna rising in an election chart.

E. SAGRAHA CHANDRA DOSHA :

The Moon's association with any other planet, benefic or malefic, should be avoided. This injunction is especially applicable in case of marriage.

F. UDAYASTA SUDDHI :

The Lagna and the seventh should be strong. The Lagna should be occupied by its own lord and the Navamsa Lagna by its own lord or vice versa or lord of Lagna should aspect Navamsa Lagna and vice versa. Similarly the seventh and the lord of the seventh Bhava should be favourably disposed. The strength of Lagna and the seventh is necessary in all elections but especially so in regard to marriage.

G. DURMUHURTA :

Muhurta technically means 48 minutes or 2 ghatis in terms of time. A sidereal day consists of 30 muhurtas.

THE FIRST FIFTEEN DIURNAL MUHURTAS NAMED ARE:

(1) RUDRA. (2) AHI. (3) MITRA, (4) PITRU, (5) VASU, (6) VARA. (7) VISHWEDEVA, (8) VIDHI, (9) SATHAMUKHI, (10) PURUHUTA, (11) VAHINI, (12) NAKTANCHARA, (13) VARUNA, (14) ARYAMA AND (15) BHAGA.

THE SECOUND FIFTEEN NOCTURNAL MUHURTAS ARE:

(1) GIRISA, (2) AJIPADA, (3) AHIRBUDHNYA. (4) PUSHA, (5) ASWI, (6) YAMA, (7) AGNI. (8) VIDHATRU, (9) CHANDA, (10) ADITI, (11) JEEVA, (12) VISHNU. (13) YAMA DYUTI, (14) THYASTHUR AND (15) SAMDRAM.

In regard to the diurnal muhurta, the 1st, 2nd, 4th, 10th, 11th, 12th and 15th are inauspicious while in nocturnal muhurtas the 1st, 2nd, 6th and 7th are inauspicious.

Apart from the above general classification of good and bad muhurtas, the following should also be deemed as unpropitious on the different weekdays. Sunday coinciding with the 14th lunar day (Aryama); Monday the 8th (Vidhi) and the 12th (Naktanchara); Tuesday the 4th (Prtru) and the 11th (Vahni); Wednesday (Abhijit); Thursday the 12th (Naktanchara) and 13th (Varuna); Fifteenth day the 4th (Pitru) and the 8th (Vidhi) and Saturday the 1st (Rudra) and the 2nd (Ahi).

Particularly in marriages, the muhurtas declared above as inauspicious in regard to weekdays should not be considered.

8. GANDANTHARA:

The last 2 ghatas (48 minutes) of the 5th, 10th and 15th (Full Moon) and the first 2 ghatas of the 6th, 11th and 1st (dark half) lunar days go under tithigandanthara and they should be rejected for all new works. Similarly, the last 2 degrees of Cancer, Scorpio and Pisces and the first 2 degrees of Leo, Sagittarius and Aries are inauspicious. The last ghatas of Aslesha, Jyeshtha, Moola, Revati and Aswini and the first four ghatas of Makha should be avoided as injurious for good work.

9. PAPASHADVARGAS:

Malefic Should Not Be Strong In Shad Vargas In An Election Chart.

10. BHRIGU SHATKA:

The position of Venus in the 6th is injurious. This is especially so in regard to marriage. Even when Venus is exalted and associated with benefices, such a disposition is not approved.

11. KUJASTHAMA:

Mars should be avoided in the 8th house, as it indicates destruction of the object in view. In a marriage election chart. Mars in the 8th is unthinkable. Even if Mars is otherwise powerful, he should not occupy the 8th house.

12. ASHTAMA LAGNA DOSHA:

In selecting a time for marriage, the Lagna ascending should not happen to be the 8th from the Janma Lagna of the bride and the bridegroom. Suppose Bride and groom is born in Aquarius and Capricorn respectively. At the time of marriage, the ascending Lagna should be a sign other than Virgo or Leo as these two happen to be the 8th from the bridegroom and bride's Janma Lagnas respectively.

13. RAASI (ZODIAC) VISHA GHATIKA:

Elsewhere has been given the negative periods of different Lagnas (Lagna Thyajya). They are to be rejected for all auspicious work.

14. KRURA GRAHA NAVAMSA DOSHA:

The Lagna selected for an auspicious work should not occupy the Navamsa of a malefic.

15. VAARADOSHA:

This has already been explained already. Certain weekdays are to be avoided for certain special activities. Example: Sunday, Tuesday and Saturday.

16. GRAHANOTHPATHA DOSHA:

The constellations in which the eclipses appear should be avoided, and in regard to marriage, such a constellation should be avoided for six months.

17. EKARGALA DOSHA:

This dosha is powerful only during the daytime. Affects matters started under certain yogas such as Vishkhambam. We need not go into details as it is not of much significance.

18. KRURA SAMYUTA DOSHA:

The constellation occupied by the Sun at a given moment, and the one immediately preceding and succeeding it have to be deemed unpropitious for all good work and they should be rejected for purposes of marriage.

19. AKALAGHARJITHA VRISHTI DOSHA:

When there is rainfall and thunder, out of season, such days should be deemed unfit for all good work.

20. MAHAPATHAAND VAIDHRUTHI DOSHA:

When the Sun and, the Moon are equally removed from the equator upon the same side of it, the aspect is known as Vyatipata, which indicates excess of evil. This is held to be unfavourable for all good work. Vaidrutha is evil aspect (yoga) and should be avoided in all favourable activities.

21. PAPASHAD VARGAS:

Malefic should not be strong in shad Vargas in a muhurta election chart. Shad varga means Hora,Lagna,Drekona,navamsa,Dwadasa amsa and Trishamsha.

REMARK:(This Remark Is For Basic Understanding Only)

It is very difficult to get muhurta by considering all the 21 doshas.if we consider all the 21 doshas we get only few number of muhurtas for our tasks. But if guru or sukra present in Kendra or kona places they will destroy 30 to 50% of ill effects. IfChandra is in 11th place and in good paksha it will remove 70 to 80% of doshas.

IF NAVAGRAHA ADIPATHI RAVI IS IN 11 TH PLACE HE WILL REMOVE 90% OF ILL EFFECTS OF DOSHAS IN MUHURTA.

6. IMPORTANT THINGS TO KNOW FOR SELECTING MUHURTA FOR MARRIAGE:

The following combinations are held to neutralise the adverse yogas mentioned above:

1. Chandra ashtama shows no evil when the Moon is waxing and occupies a benefic sign and a benefic Navamsa, or when there is Tarabala. The sting is lost when the Moon and the 8th lord are friends.
2. Tuesday is not evil after midday.
3. The aspects attributed to Vyatipatam, Vaidruti, etc., become defunct after midday.
4. No day of the week is blemished if the lord thereof is strongly placed in the election chart.
5. Venus, Mercury or Jupiter in the ascendant will completely destroy all other adverse influences.
6. Jupiter has the power of dispelling all the evils due to the Lagna, Navamsa and malefic aspects and render the time highly propitious.
7. The mere presence of the Moon or the Sun in the 11th will act as an antidote for other evils obtaining in the horoscope.
8. If the angles are well fortified, evil influences are countered.

9. A planet exalted in Lagna will nullify the other adverse influences.
10. Jupiter or Venus in a Kendra (quadrant) and malefic in 3, 6 or 11 will remove all the flaws arising on account of unfavourable weekday, constellation, lunar day and yoga.

Thus it will be seen that the most important question in Muhurta is the fortification of Lagna and its lord.

7. MANGALA OR KUJA DOSHA IN MARRIAGE:

When Mangal is in the Ascendant (1st House) or in the 4th, 7th, 8th or 12th House, Mangal Dosha is formed. As per Deva Karalam (South Indian treatise on astrology) when Mangal is in the 2nd House, even then Mangal Dosha is formed.

A) EFFECTS OF KUJA IN EACH HOUSE:

1. Kuja in the first house - quarrelsome on even minor issues; combative and dominating in relationship.
2. Kuja in the 2nd house - harsh speech.
3. Kuja in the 4th house - aggressive emotional nature, which may affect the career-front, with frequent changes in profession.
4. Kuja in the 7th house - a lot of energy; differences with family members.
5. Kuja in the 8th house - early death of the mate.
6. Kuja in the 12th - financial losses, many enemies and repressed anger.

According to Parasara's Brihat Parasara Hora Shastra, if Kuja is placed in the lagan, 4th, 7th, 8th and 12th houses, without any aspect or conjunction of the benefit planets, then the husband of that woman certainly have an early death.

Hence it is understood that if Kuja has an aspect of a benefit or is conjunct with a benefit, then there is no dosha.

An exception to this however exists. "If a woman with the widowhood yoga marries a man with a similar yoga of loss of spouse, then such yoga will get cancelled." Hence the second exception given by him is that Kuja Dosha is cancelled, if both the girl and the boy have Kuja Dosha.

B) EXEMPTIONS IN KUJA DOSHA:

Kuja dosha gets cancelled in some special conditions as defined below:

- 1) When Kuja is in its own sign Mesha, exalted Karkataka or in the houses owned by planets considered to be his friend's viz., Ravi, Guru and Chandra.
- 2) If Kuja is in the 2nd house, but in the signs of Mithuna or Kanya.
- 3) If Kuja is in the 4th house, but in Mesha If Kuja is in the 7th house, but in Karkataka or Makara.
- 4) If Kuja is in the 8th house, but in Pisces.
- 5) If Kuja is in the 12th house, but in Vrushaba or Tula.
- 6) For Karkataka and Simha lagnas, Kuja is yoga Karkataka and so no dosha wherever it is placed.
- 7) For Kumba lagna, if Mars is in the 4th or 8th house.

If benefice Guru or Sukra occupies the ascendant. If Kuja is in conjunction or aspected by Guru or Chandra.

If Kuja is in conjunction or aspected by Ravi, Budha, Sani or Rahu. Kuja Dosha is considerably reduced, if Sani aspects the houses owned by Kuja, but subject to the other planetary positions in the natal chart. Remember that even if a person has severe Kuja Dosha, after the age of 28, the effects of Kuja Dosha are reduced.

C) KUJA EFFECTS ON MARRAGE LIFE WITH EACH POSITION:

- 1) In the 2nd House, Mangal gives temperamental speech and as it aspects the 7th and the 8th Houses, it again hurts the matrimonial home, through speech.
- 2) In the 1st or 4th House, Mangal gives hurt emotions and as it aspects the 7th House, ones influence of hurt emotions and feelings will hamper the marriage.
- 3) In the 7th House, the partner will also be hot tempered and as his Mangal aspects the ascendant, the person himself or herself will be temperamental so sparks are deemed to fly everywhere in the married life.
- 4) In the 8th House, Mangal destroys the longevity of one and with its aspect to the second house, creates hot speech, influencing marital harmony.

- 5) In the 12th House, Mangal will aspect the 7th House and as it is in the 12th House of bed comforts, one may be highly active in sexual activity and hamper the marriage home due to frivolous sexual demands and activity.

Whenever Mangal becomes the Ascendant Lord or Yoga Karaka, the Dosha gets nullified, naturally. Mangal in conjunction with or under the aspect of Guru (Jupiter) as Guru is a wise man, it propitiates Mangal. Moon and Mangal together in a sign (conjunction), will also nullify the Mangal Dosha or Kuja Dosha. Debilitated Mars (Neecha Mangal) is sign Cancer, nullifies the Dosha. When one crosses the age of 28, Mangal Dosha or Kuja Dosha gets naturally nullified as by that time one naturally gets more matured about one's anger and temperament.

Further, even if one has a Mangal/ Kuja Dosha, if the prospective bride or groom, has Shani in any of the 1st, 2nd, 4th, 7th, 8th and 12th Houses, the Dosha gets nullified, because Shani, is the opposite of Mangal. It is cold and practical and so can handle the temperament of Mangal. The Shadbala strength should also be checked, because if it is weak in Shadbala, is of Vriddha Avastha or Mrut Avastha or Baal Avastha, Mangal cannot do any harm.

8. MATCH MAKING FOR BOY & GIRL FOR MARRIAGE:

There are 12 factors, to be considered in order to judge the suitability for a proposed matrimonial alliance out of which eight are supremely important.

They are:

(1) Dina, (2) Gana, (3) Mahendra, (4) Stree-Deergha, (5) Yoni, (6) Raasi (ZODIAC), (7) Rasyadhipathi, (8) Vasya, (9) Rajju, (10) Vedha, (11) Varna, and (12) Nadi.

In order to illustrate these principles, we shall consider the horoscopes of a male and a female born in Mrigasira and Satabhisha respectively. It is assumed that the 7th and 8th houses are not only strong but are mutually well disposed.

- A) DINA KUTA:** Count the constellation of the boy from that of the girl and divide the number by 9. If the remainder is 2, 4, 6, 8 or 0 it is good. The number of units of compatibility assigned to this Kuta is 3 in case agreement is found.

Example:- The constellation of the boy (viz., Mrigasira in Taurus) counted from that of the girl (Dhanishta in Makara) gives 10. This divided by 9 leaves a remainder of 1 and hence there is no agreement, and no units of strength are scored on this account.

B) GANA KUTA.- This seems to have an important bearing on the temperament and character of the couple concerned. Compatibility of temperament and not of course identity of temperament is called for in astrology. A difference of temperament may be harmonious and complimentary. But a compatibility of temperament is essential to a satisfactory marriage union. Astrologically three Ganas (temperaments of natures) are recognised viz., Deva (divine), Manusha (human), and Rakshasa (diabolical). Deva represents piety, goodness of character and charitable nature. Manusha is a mixture of good and bad, while Rakshasa suggests dominance, self-will and violence. These different natures are indicated by the birth, constellation. A distaste for piety and religious disposition cannot be easily associated with piety and religious nature. A difference in beliefs and dogmas cannot always be overbalanced by sexual compatibility. Hence one born in a Deva constellation is not able to get on well with a person born in Rakshasa constellation. A Deva can marry a Deva, a Manusha can marry a Manusha and a Rakshasa can marry a Rakshasa.

Manusha or a Deva man should not marry a Rakshasa girl unless there are other neutralising factors. But marriage between a Rakshasa man and a Deva or Manusha girl is passable. If marriage is brought about between prohibited Ganas there will be quarrels and disharmony. So that the couple would always welcome an opportunity for separation and divorce. The following constellations denote the different Ganas:-

Deva Gana: Punarvasu, Pushyami, Swati, Hasta, Sravana, Revati, Anuradha, Mrigasira and Aswini.

Manusha Gana: Rohini, Pubba, Poorvashadha, Poorvabhadra, Bharani, Aridra, Uttara, Uttarashadha and Uttarabhadra.

Rakshasa Gana: Krittika, Aslesha, Makha, Chitta, Visakha, Jyeshtha, Moola, Dhanishta and Satabhisha.

The number of benefic units for agreement is 6.

Example :- Mrigasira comes under Deva Gana while Dhanishta comes under Rakshasa. Hence, Gana Kuta is absent.

If the asterism of the bride is beyond the 14th from that of the bridegroom the evil may be ignored.

C) MAHENDRA: The constellation of the boy counted from that of the girl should be the 4th, 7th, 10th, 13th, 16th, 19th, 22nd or 25th. This promotes well-being and increases longevity.

Example:- Mrigasira (constellation of the boy) is the 10th from Dhanishta (girl's constellation). Hence good.

D) STREE-DEERGH: The boy's constellation should preferably be beyond the 9th from that of the girl. According to some authorities the distance should be more than 7 constellations.

Exception: - This consideration may be ignored if RAASI (ZODIAC) Kuta and Graha Maitri obtain.

Example:- Mrigasira is beyond 9 constellations from Dhanishta. Hence agreement in regard to Stree-Deergha is present.

E) YONI KUTA: Yoni means sex and by Yoni Kuta is implied sexual compatibility. The sexual urge of a person born for instance in Chitta is supposed to be as strong as that of a tiger. The human embryo in course of its development passes through the various stages of evolution - mammals, quadrupeds, etc., so that the tendencies of certain animals will be predominant. The birth constellation seems to show this predominance. Each sign and degree of the zodiac expresses the degree of evolution of the individual concerned. Thus, one born in Leo will have in him the characteristics of a lion while the other born in Aries will be timid and mild. It is these biological influences that seem to be at the root of all astrological considerations. If both the couple belong to the male constellations, there will be frequent quarrels and want of agreement in sex-matters. So the best way is to mate a male belonging to a male constellation with a female belonging to a female constellation. The Kutas in general lay down the foundation for marriage happiness.

Therefore the Yoni Kuta takes into account the sexual aspect of marriage and indicates the sex affinities such as the degree of sex-urge, sex-compatibility, the size of ovulatory organs and so on. Havelock Ellis says that "out of 500 consecutive cases coming for advice (1930) all but one showed sexual maladjustment as a complicating factor". This reveals to us the importance of Yoni Kuta.

All the 27 constellations have been assigned certain animals and sexes as given below :-

Male	Female	Class of Yoni
1 Aswini	15 Satabhisha	Horse
2 Bharani	16 Revati	Elephant
3 Pushya	17 Krittika	Sheep
4 Rohini	18 Mrigasira	Serpent
5 Moola	19 Aridra	Dog
6 Aslesha	20 Punarvasu	Cat
7 Makha	21 Pubba	Rat
8 Uttara	22 Uttarabhadra	Cow
9 Swati	23 Hasta	Buffalo
10 Visakha	24 Chita	Tiger
11 Jyeshtha	25 Anuradha	Hare
12 Poorvashadha	26 Sravanam	Monkey
13 Poorvabhadra	27 Danishta	Lion
14 Uttarashadha		Mangooses

Marriage between the constellations indicating same class of yoni and between the male and female stars of that yoni said to conduce to great happiness, perfect harmony and progeny. If the male and female happen to be born in friendly yonis, but both representing female constellations there will be fair happiness and agreement. If the couple belong both to male constellations there will be constant quarrels and unhappiness. If marriage takes place between constellations indicating unfriendly yonis it is better marriage is avoided. For example, if marriage takes place between a male born in Moola and female born in Aridra it will turn out a very happy. The constellations Moola and Aridra represent the male and female organs of a dog. The union of these is agreeable and conduces to favourable results to the fullest extent. If marriage takes place between a man born in the constellation Satabhisha and a girl born in Punarvasu, both representing the female stars, the marriage is passable but not as good as in the first instance. Marriages between persons belonging to constellations indicating inimical yonis are not recommended. The number of units for Yoni Kuta is 4.

Example:- Both Mrigasira and Dhanishta arc female constellations, the one typifying the yoni of a serpent and the other that of a lion. Hence, Yoni Kuta is not present.

The following pairs are hostile and in matching Yoni Kuta, they should be avoided: -

Cow and tiger; elephant and lion; horse and buffalo; dog and hare; serpent and mongoose; monkey and goat; and cat and rat. In a similar way, similar pairs of constellations typifying other hostile pairs as they occur in nature should be avoided (see Table on page 72).

In the following table, units for matching different Yonis are given. Suppose the boy's star is Kruttika signifying the Yoni of sheep and the girl's star is Chitta signifying tiger. In the column "sheep" running down our eye in the horizontal column against tiger, the unit of agreements is 1.

F) RAASI (ZODIAC) Kuta : If the RAASI (ZODIAC) of the boy happens to be the 2nd from that of the girl and if the RAASI (ZODIAC) of the girl happens to be the 12th from that of the boy, evil results will follow. But if, on the other hand, the RAASI (ZODIAC) of the boy falls in the 12th from the girl's or the RAASI (ZODIAC) of the girl is in the 2nd from that of the boy astrology predicts longevity for the couple. If the RAASI (ZODIAC) of the boy is the 3rd from that of the girl. There will be misery and sorrow. But if the RAASI (ZODIAC) of the girl is the 3rd from that of the boy, there will be happiness. If the boy's falls in the 4th from that of the girl's, then there will be great poverty; but if the RAASI (ZODIAC) of the girl happens to fall in the 4th from the boy's there will be great wealth. If the boy's RAASI (ZODIAC) falls in the 5th from that of the girl, there will be unhappiness. But if the girl's RAASI (ZODIAC) falls in the 5th from that of the boy, there will be enjoyment and prosperity. But where the RAASI (ZODIAC) s of the boy and the girl are in the 7th houses mutually, then there will be health, agreement and happiness. If the boy's RAASI (ZODIAC) falls in the 6th from the girl's there will be loss of children, but if the girl's is the 6th from the boy's, then the progeny will prosper.

The number of units for RAASI (ZODIAC) Kuta is 7.

Exception: When both the RAASI (ZODIAC) s are owned by one planet or if the lords of the two RAASI (ZODIAC) s happen to be friends, the evil attributed above to the inauspicious disposition of RAASI (ZODIAC) s gets cancelled.

G) Rasyadhipathi or Graha Maitram: This is the most important Kuta inasmuch as it deals with the psychological dispositions of the Couple. The mental qualities of the parties and their affection for each other are admittedly of vital importance to their happiness. This must be tested before marriage. In Considering Graha Maitram the friendship or otherwise between the lords of the Janma RAASI (ZODIAC) s of the persons concerned is very important. Planetary friendships are given in almost all astrological works. But still I give below a table indicating the relations between the different planets so that the reader may not have to refer to other books.

Planetary Friendships Table:

PLANET	FRIEND	NEUTRAL	ENEMY
SUN	Moon, Mercury, Jupiter	Mars	Saturn, Venus
MOON	Moon, Mercury, Jupiter, Saturn, Venus	Mars, Jupiter	No
MARS	Sun, Moon, Jupiter	Venus, Saturn	Mercury
MERCURY	Sun, Venus	Mars, Jupiter	Moon Saturn
JUPITER	Sun, Moon, Mars	Saturn	Mercury, Venus
VENUS	Mercury, Saturn	Mars, Jupiter	Sun, Moon
SATURN	Mercury, Venus	Jupiter	Sun, Moon, Mars

Some suggest that in considering the planetary relations, the temporary dispositions should also be taken into account. This in my humble opinion is not necessary, because, the entire subject of adaptability hinges on the birth constellations and not on birth charts as a whole.

When the lords of the Janma RAASI (ZODIAC) s of the bride and bridegroom are friends, the RAASI (ZODIAC) Kuta is said to obtain in full. When one is a friend and the other is a neutral, it is passable. When both are neutral. RAASI (ZODIAC) Kuta is very ordinary. When both are enemies, RAASI (ZODIAC) Kuta does not exist.

Exception:- Even when there is no friendship between the Janma RAASI (ZODIAC) lords of the bridegroom and bride, RAASI (ZODIAC) Kuta may be said to exist if friendship prevails between the planets owning the Navamsas occupied by the Moon.

The number of units for this Kuta is 5.

Example:- In our illustration, the Janma RAASI (ZODIAC) lords are Venus and Saturn. Both are friends. Therefore RAASI (ZODIAC) Kuta is complete. Supposing the bride and bridegroom are born in Makha 2 (Leo) and Satabhisha 2 (Saturn). The lords will be the Sun and Saturn respectively and they are not friends. In such a case if the Navamsa relationship is Considered, then the Moon will be in Taurus

(Venus) and Capricorn (Saturn) respectively. Venus and Saturn, are friends and therefore the match is permissible. One will have to be very careful in the assessment of these factors and on superficial grounds no horoscope should be rejected as unsuitable or unfortunate.

- H) VASYA KUTA:-** This is important as suggesting the degree of magnetic control or amenability the wife or husband would be able to exercise on the other. For Aries - Leo and Scorpio are amenable. For Taurus - Cancer and Libra; for Gemini - Virgo; for Cancer - Scorpio and Sagittarius; for Leo - Libra; for Virgo - Pisces and Gemini; for Libra - Capricorn and Virgo; for Scorpio - Cancer; for Sagittarius - Pisces; for Capricorn - Aries and Aquarius; for Aquarius - Aries; and for Pisces - Capricorn. The unit of agreement is 2.

Example:- In our illustration, neither the boy's nor the girl's horoscope is subject to the control of the other.

- I) RAJJU:-** This indicates the strength or duration of married life and therefore it merits special attention. The 27 constellations have been grouped into five types of Rajju.

Padarajju: Aswini, Aslesha, Makha, Jyesta. Moola.Revati.

Katirajju: Bharani, Pushyami, Pubba, Anuradha, Poorvashadha, Uttarabhadra.

Nabhi or Udararajju: Krittika, Punarvasu, Uttara, Visakha, Uttarashadha, Poorvabhadra.

Kantarajju: Rohini, Aridra Hasta. Swati. Sravana, and Satabhisha.

Sirorajju: Dhanishta, Chitta and Mrigasira.

The Janma Nakshatras of the couple should not fall in the same rajju. If they fall in Sira (head) husband's death is likely; if in Kantha (neck) the wife may die; if in Udara (stomach) the children may die; if in Katl (waist) poverty may ensue; and if in Pada (foot) the couple may be always wandering. Hence, it is desirable that the boy and the girl have constellations belonging to different rajjus or groups.

J) VEDHA: This means affliction. Certain constellations are capable of affecting or afflicting certain other constellations situated at particular distances from them; For instance, Aswini is said to cause Vedha to 18th constellation (viz., Jyeshtha) from it; Bharani to the 16th (viz., Anuradha) and so on. The following pairs of constellations affect each other and, therefore, no marriage should be brought about between a boy and girl who's Janma Nakshatras belong to the same pair unless there are other relieving factors.

Aswini and Jyeshtha; Bharani and Anuradha; Kritika and Visakha; Rohini and Swati; Aridra and Sravana Punarvasu and Uttarashadha; Pusayami and Poorvashadha; Aslesha and Moola; Makha and Revati; Pubba and Uttarabhadra; Uttara and Poorvabhadra; Hasta and Satabhisha, Mrigasira and Dhanishta. In our example, the constellations of the couple (Mrigasira and Dhanishta) belong to the prohibited pair and hence Vedhakuta is absent.

K) VARNA: This seems to signify the degree of spiritual or ego development of the marrying partners. Pisces, Scorpio and Cancer represent the highest development - Brahmin; Leo, Sagittarius and Libra indicate the second grade - or Kshatriya; Aries, Gemini and Aquarius suggest the third or the Vaisya; while Taurus, Virgo and Capricorn indicate the last grade, viz., Sudra. A girl belonging to a higher grade of spiritual development should not be mated to a boy of lesser development. The vice versa or both belonging to the same grade or degree is allowed.

The unit of agreement is 1.

L) Nadi Kuta: This is considered to be the most important and at the same time the most significant Kuta. In Sanskrit, Nadi means several things but in reference to astrology, it signifies pulse or nervous energy indicating the physiological and to a certain extent hereditary factors. The Hindu medical works enumerate three Nadis or humours, viz., Vatha (wind), Pitha (bile) and Sleshma (phlegm). A boy with a predominantly windy or phlegmatic or bilious constitution should not marry a girl of the same type. The girl should belong to a different temperament. The three Nadis are ruled by the different constellations as follows :-

VATA	PITHA	SLESHMA
A. Aswini	Bharani	Krittika
B. Aridra	Mrigasira	Rohini
C. Punarvasu	Pushyami	Aslesha
D. Uttara	Pubba	Makha
E. Hasta	Chitta	Swati
F. Jyeshtha	Anuradha	Visakha
G. Moola	Poorvashadha	Uttarasnadha
H. Satabhisha	Dhanishta	Sravana
I. Poorvabhadra	Uttarabhadra	Revati

If the constellation of the boy and girl fall in different rows, then agreement between the couple will be good. They should not fall in the middle. Stars of the couple may fall in the first and the last line under certain circumstances.

If Nadi Kuta is not present on the basis of the Nakshatras, then the same may be reckoned taking into account the Nakshatra Padas. Thus, the different quarters will be governed by the three humours (Nadis) thus:

Aswini 1	Aswini 2	Aswini 3
Bharani 2	Bharani 1	Aswini 4
Bharani 3	Bharani 4	Krittika 1
Krittika 4	Krittika 3	Krittika 2
Rohini 1	Rohini 2	Rohini 3

Beginning from Aswini 1, the counting should be done forwards and backwards in threes as given above.

The unit ascribed for this Kuta is 8.

In the example considered above, both the constellations fall in the middle line and hence Nadi Kuta is completely absent.

Appendix 1 gives a table for measuring the agreement units. In the first column (longitudinal) the constellations of the bride are given.

In the first horizontal column, the boy's nakshatra is given. Take the figure in the column where the girl's and the boy's stars intersect. Suppose the boy's star is Mrigasira 1, the RAASI (ZODIAC) being Taurus.

The girl's star is Satabhisha 2, RAASI (ZODIAC) being Kumbha. Running down our eye from Taurus, Mrigasira 2 (horizontal first column) to the horizontal line of Satabhisha 4, Kumbha. We find the figure 26.5 as the total units of agreement.

9. KNOWLEDGE OF MUHURTHAS FOR EACH TASK

A. MARRIAGE MUHURTA:

- (a) No Planet should be present in 7th House from lagna at the time of Muhurta
- (b) Mars should not be in the 8th.
- (c) Venus should not be in the 6th.
- (d) The Lagna should not be hemmed in between malefic.
- (e) Malefic should not occupy Lagna.
- (f) The Moon in the election chart should have no association with any other planet.

Apart from the above, the usual Tarabala, Panchaka. etc., should be looked into. Elsewhere are given certain special combinations which are supposed to neutralise adverse influences. As far as possible, such combinations should be applied to secure a really propitious moment. Jupiter, Mercury or Venus in Lagna, malefic in the 3rd or 11th, would constitute a formidable force in rendering the Lagna strong.

VERY IMPORTANT BASICS FOR ELECTING MARRIAGE MUHURTAS

I) MONTH:

Uttharayana Kala is best for marriages. Magha, Phalguna, Vaisakha and Jyeshtha are Best.

Kartika and Margasira are ordinary. The rest are not auspicious.

Marriages can be celebrated in Pushya and Chaitra provided the Sun is in Capricorn and Aries respectively.

II) TITHI:

Sukla Paksh : 3, 5, 7, 10, 11, 13, 15

Krishna Paksh : 1, 2, 3, 5, 7, 10

III) DAY:

Wednesday, Thursday and Friday are the best.

Sunday and Saturday are middling.

Tuesday, Monday should be invariably rejected.

IV) NAKSHATR:

Rohini, Mrigasira, Makha, Uttara, Hasta, Swati, Anuradha, Moola, Uttarashadha, Uttarabhadra and Revati are the best.

The first quarter of Makha, Moola and the Last quarter of Revati are inauspicious and they should be rejected. Constellations not mentioned here are unsuitable and they should be avoided.

V) YOGAS:

The following yogas should be rejected: Vyatipata, Dhruva, Mrityu, Ganda, Vajra, Soola, Vishkambha, Atiganda, Vyaghata and Parigha.

Vishtikarana must invariably be discarded.

VI) LAGNA:

Among the Zodiacal signs Gemini, Virgo and Libra are the best.

Taurus, Cancer, Leo, Sagittarius and Aquarius are middling. The rest are inauspicious.

In the election of a Muhurta for marriage, as many of the 21 doshas (already mentioned) as possible should be avoided.

THE FOLLOWING ARE SOME OF THE SPECIAL YOGAS IN MARRIAGE ELECTION CHART:

- 1) Jupiter in the ascendant, Venus in the 8th and the Sun in the 11th - Mahendra Yoga.
- 2) Venus in Lagna. Jupiter in the 10th and the Sun and Mercury in the 11th-Vishnu Priya Yoga.
- 3) Venus in the 2nd, Jupiter in the 12th, the Sun in the 8th and Saturn in the 6th - Sreenatha Yoga.
- 4) Venus in Lagna, Jupiter in the 4th, Mercury in the 2nd and Saturn in the 11th - Samudra Yoga.
- 5) Mercury, Jupiter and Venus in Lagna - Vijaya Yoga.
- 6) Venus and Jupiter in Lagna elevated or otherwise strong - Jaya Yoga.
- 7) Saturn in the 3rd, Jupiter in the 6th, the Sun in the 10th and Mars in the 11th - Pushya Yoga.
- 8) Mars in the 3rd, Saturn in the 6th, Venus in the 9th, Jupiter in the 12th - Maharshi Yoga.

9) Venus in Lagna, Jupiter in the 11th - Ardhamama Yoga.

Thus, it will be seen that the Hindus have devised an astrological means of judging marriage compatibility whereby the relations between the couple may stand the strain of maladjustment. If astrological advices are properly heeded to. There will be fewer tragedies than at present and less marital infidelity. Modern sexologists and sociologists will do well to study the theory behind the astrological rules bearing on marriage casting off their prejudices instead of criticising and condemning the system.

Tuesday and Saturday are inauspicious. The 4th, 9th, 14th lunar days and New Moon day should be avoided. The Moon should be as far as possible in good aspect to the Sun.

F. EMPLOYING SERVANTS:

Avoid Tuesdays and Saturdays. Look to the strength of the 11th house lord. Saturn must be in the 11th free from the aspect of Mars or Rahu. Make the lord of the sixth occupy the 11th and as far as possible, choose a fixed sign. Afflictions to Mercury should also be avoided as they bring about theft in the house.

G. SHAVING :

It should be had in the constellation of Pushya, Punarvasu, Revat, Haste, Sravana, Dhanishta, Mrigasira, Aswini, Chitta, Jyeshtha, Satabhisha and Swati. 4th, 6th and 14th lunar days as also New Moon and Full Moon days are not desirable.

H. CUTTING NAILS :

Avoid Fridays and Saturdays - the 8th, 9th, 14th lunar days as well as New and Full Moon days. Cutting nails means discharge of electricity from the human body and one should be careful to see that the reaction on the human body is not adverse. Pushya,

Punarvasu, Revat, Haste, Sravana, Dhanishta, Mrigasira, Aswini, Chitta, Jyeshtha, Satabhisha and Swati. 4th, 6th and 14th lunar days as also New Moon and Full Moon days are not desirable.

I. BUYING UTENSILS:

Place Jupiter in good aspect to the Moon while buying brass vessels; to Mars when buying vessels of copper; to Saturn if steel and iron; to ascendant if of silver. Avoid the asterisms of Aslesha. Moola and Jyeshtha. For buying tools, similarly avoid the 8th and 9th lunar days and New Moon.

Best Tidhi : 2, 3, 5, 7, 10, 11, 13(On Both Paksha)

Best Vaara : Monday, Wednesday, Thursday, Friday

Best Naksitra : Rohini, Mrugasira, Punarvasu, Pusyami, Uttara, Hasta, Chitta, Swathi, Anuradha, Uttarashada, Dhanista, Shatabisham, Uttarabadra,

Planetary : 8th and 10th house should be empty.

J. BUYING JEWELLERY:

The Sun and the Moon should be well situated and aspected. As usual unfavourable lunar days and asterisms should be avoided. Good days are Monday, Wednesday, Thursday and Friday. If good thidhi and good nakshatra are there then Sunday is also good. (In both pakshas 3,5,7,10,12 are good thidhi for purchase).

K. LANDING MONEY:

One should not lend money on days ruled by Krittika, Makha, Moola, Satabhisha, Uttara, Punarvasu or one's JanmaNakshatra day. One should try to receive money on these days. Tuesdays and Fridays are also inauspicious. Never lend money on a New Moon day happening to be Saturday. The lords of the ascendant and the 7th should be harmoniously disposed. The Moon's situation In Scorpio is bad for the lender.

L. BORROWING MONEY:

Do not borrow money on days ruled by Krittika, Moola, Punarvasu, Dhanishta and Janma Nakshatra. Moon's conjunction with Mars and Saturn should be avoided as otherwise there will be quarrels

and litigation. If the money is intended for quick use on domestic or personal matters, the Moon should be in good aspect to the ascendant. If the borrowed money is to be spent on business the Moon must be in a favourable situation with regard to Mercury and lord of Lagna. For any election, purity of lunar day, weekday, any constellation and Tarabala are essential and further considerations come in only later on.

M. BUYING FOR BUSINESS:

Thursday, the 10th lunar day and the constellation of Pushyami are the best. Tuesday should be completely rejected. Saturday is passable. Mercury, the 2nd lord and the 2nd house should all be fortified. Avoid buying for trade when Mercury is afflicted by Mars as this will destroy stocks and cause discord and wrangling. Mercury and Jupiter in conjunction in Lagna or in mutual aspects would be highly propitious.

N. SELLING FOR PROFIT:

Let the Moon and Mercury is free from the conjunction or aspect of Mars. The Moon's situation in Taurus. Cancer or Pisces would greatly help the seller. Try to keep Mercury in a Kendra from Lagna or at least in good aspect to Jupiter. Tuesday should be avoided. Monday, Wednesday and Thursday are the best. While Friday is unpropitious, Saturday is middling.

O. SHIFTING FROM PLACE TO PLACE:

If one is to move urgently from one place to another. Janma Nakshatra should be avoided. Anuradha, Mrigasira and Hasta are the best. Journey on the 9th lunar day is prohibited. Yet in cases of urgency, one can move at a propitious moment. If you desire pecuniary gain conform to all the astrological requirements suggested in Chapter XIV. In any case, let there be Tarabala and Chandrabala and let the ascendant be fortified. The Moon and the ascendant should both be in fixed signs. Jupiter or Venus should be in an angle preferably in the ascendant or the 10th.

P. RECOVERING MONEY DUA:

The lord of Lagna should be strong and the election rising sign should not fall in the 8th or 9th from the radical rising sign. The lords of Lagna and the 2nd must also be well situated.

Q. EDUCATION MUHURTA:

The most beneficial constellations for commencing education are Mrigasira, Aridra, Punarvasu, Pushya, Hasta, Chitta, Swat}, Sravana, Dhanishta and Satabhisha. Aswini is held by some writers to be one of the best. Rohini, Uttara, Uttarashadha and Revati are neutral. The remaining ones are to be rejected.

Tuesday and Saturday should invariably be avoided. Sunday can be considered permissible if other astrological conditions are satisfactory. The following lunar - days are auspicious: - 1st (of dark half), 2nd, 3rd, 5th, 6th, 10th and 11th. The 4th, 8th, 9th, 14th and New and Full Moon days should be avoided.

The Lagna should not be a fixed sign. Common signs are the best and the movable ones ordinary.

In commencing education - be it of any type - one should have regard to two important Yogas given below: -

I) SARASWATI YOGA:

- (a) Wednesday coinciding with Hasta, the rising sign at the time being Gemini or Virgo with the Sun, Moon and Mercury occupying the Amsa of Mercury.
- (b) Wednesday at sunrise when Mercury is in deep exaltation.
- (c) Wednesday, when Mercury is in Lagna and occupies the 3rd quarter of Hasta.
- (d) Jupiter in deep exaltation in Lagna on days other than Saturday and Sunday.

II) VIDYA YOGA :

- (a) Friday when Pisces is rising and Venus occupies the 27th degree of the same sign.
- (b) Jupiter in deep exaltation and Cancer rising on Thursday.
- (c) The day and constellation being propitious, the Sun must be placed in his own Hora.

If education were to progress satisfactorily, one must have due regard to the following considerations also.

The forenoon and the noon are the best. Malefic should be disposed in die 3rd, 6th and 11th houses. The 8th house should be clean and

unoccupied by benefic or malefic planets. For starting education, Wednesday morning would be the befit provided the election chart is otherwise well disposed and strong.

1) To start Learning Vedas and Shastra's:

Pushyami, Dhanishta and Sravana are auspicious ones. Let Jupiter be as strong as possible.

Learning Astrology and Astronomy: Aswini, Punarvasu, Pushyami, Hasta, Swati, Moola and Revati are good.

2) To start Learning Grammar. Logic and Philosophy:

Rohini, Mrigasira, Punarvasu, Pushya, Hasta, Dhanishta and Revati are favourable constellations for learning Grammar while for the other subjects Sravana, Satabhisha, Hasta, Uttara, Moola and Revati are good. The intellectual planet Mercury should be fortified as usual.

3) Learning Medicine:

Dhanishta is the best constellation not only for beginning the study of medicine but also for learning the use of firearms. An affliction to Mars by Saturn should be avoided. Let the rising sign or Navamsa be that of Mars or the Sun.

4) To Start Learning Music and Dancing:

Let Venus be as strongly placed as possible avoiding affliction by Rahu or Saturn, as this is said to lead to an immoral career. Hasta, Pushyami, Dhanishta, Anuradha, Jyeshtha, Revati, Satabhisha, Uttarashadha and Uttarabhadra are the best. Harmonious aspects should exist between Jupiter and Venus. Place the lord of Lagna in the 5th or 9th and see that these two houses are free from affliction. Mercury-Venus conjunction in Lagna would be highly propitious.

5) To start Learning any Science:

The Study of any science can be commenced either in a Saraswati Yoga or in a Vidya Yoga under any of the special combinations mentioned above.

R. MUHURTAS FOR HOUSE CONSTRUCTION:

The construction of a house according to astrological works involves four important stages, viz., (1) Laying the foundation, (2) Digging the well, (3) Fixing the door-frames, and (4) Entry into the new house. Of the four stages, the first and the last are very important and significant.

I) Laying the Foundation:

According to ancient astrological savants just as Kalapurusha personifies Time, VastuPurusha personifies the House. The VastuPurusha is said to sleep on his left with his head to the East during the months of Bhadrapada, Aswayuja and Kartika (August to October); with his head to the South during Margasira. Pushya and Magha (November to February); with his head to the West during Phalguna, Chaitra and Vaisakha (February to May) and with his head to the North during Jyeshtha, Aashaadha and Sravana (May to August). No building should be erected on the ground covered by his head, his legs, his hands and his back. as it is said to prove fatal to the father, wife and children respectively and cause fear of thieves. The most suitable section would be the ground covered by the stomach of VastuPurusha as it gives rise to plenty and prosperity.

No house-building should be commenced in the lunar months of Jyeshtha, Aashaadha, Bhadrapada, Aswayuja, Margasira, Pushya and Phalguna as they connote respectively death, destruction, disease, quarrels and misunderstandings, loss of wealth, incendiarism and physical danger The lunar months of Chaitra, Vaisakha, Sravana, Kartika and Magha are the best. The Sun should occupy fixed signs or at least movable signs but no building work should be undertaken when the Sun is in common signs.

Rohini, Mrigasira, Chitta, Hasta, Jyeshtha, Uttara, Uttarashadha and Sravana are the best constellations to lay the foundation,

Swati, Pushya, Anuradha, Aswini, Satabhisha, Uttarabhadra and Revati are ordinary or middling while the remaining twelve asterisms should invariably be avoided.

All odd tithis (lunar days) except the 9th are good. Of the even tithis the 2nd, 6th and 10th are auspicious. Monday, Wednesday, Thursday and Friday are the best, Even Monday should be rejected when the Moon is waning. Sunday and Saturday are approved by some but in our opinion Saturday should be rejected as it connotes frequent thefts. Sunday should also be avoided unless the day is otherwise very auspicious.

Fixed signs are the best. Movable signs, should be rejected. Common signs may be preferred provided they are occupied by strong benefics. In movable signs and fixed navamsas can also be considered in cases of urgency, subject to the satisfactory disposition of other astrological factors. The rising sign, at the time of laying the foundation should be highly fortified by the disposition of malefic in 3rd, 6th and 11th houses and benefics in Kendra's and trines. The 8th house should be vacant and in no case should it have the aspect of malefic planet.

The following are some of the special combinations recommended as highly propitious by ancient astrological writers for laying the foundation so that the house could last long and ensure happiness and prosperity to the owner as well as the tenant.

Foundation is to be laid in Cancer, the superstructure erected in Gemini or Virgo and the roofing done in Taurus or Libra. The house becomes, fire-proof. A house built when Jupiter or Venus is in Lagna, and the Sun exactly on the meridian or at the western horizon, is supposed to last for at least one hundred years.

When the 10th house is occupied by the Moon, the 4th by Jupiter and the 11th by Mars and Saturn, the house will remain undestroyed for at least 80 years.

Jupiter in Lagna, Mercury in the 7th, Saturn in the 3rd, the Sun and Venus in the 6th, the house will stand for a century.

Mercury occupying Lagna, Jupiter the 7th and the Moon the 10th indicate similar stability.

Varahamihira suggests that after finishing the puja, the first foundation - stone shall be laid on the north-eastern corner of the site.

II) Fixing the Door Frame:

The Hindus attach special significance to the fixing of door-frames. Even today the so-called educated man publicly scoffing at astrology stealthily consults an astrologer in private, and gets an auspicious time for fixing door-frames. Probably the door-frames have the peculiarity of attracting the best electric and magnetic forces from the atmosphere. Then fixed in auspicious times - times at which the different planetary bodies would be so disposed as to concentrate the maximum of benefic influence. The

door-frame should always be fixed at a time when the rising sign is a fixed one. Rohini, Mrigasira, Uttara, Chitta, Anuradha, Uttarashadha, Uttarabhadra and Revati may be elected. The tithi (lunar day), asterism, the day and the rising sign should all be carefully selected, for the moment of fixing the door-frame has an important bearing upon the prosperity of the master. The doors, etc., maybe furnished on Wednesday or Friday ruled by any beneficial lunar day, a common sign and any of the following constellations, viz., Aswini, Pushya, Nasta, Rohini, Uttara, Uttarashadha and Uttarabhadra.

The durability or duration of a dwelling house in a state of prosperity should be determined from the moment at which the foundation-stone is laid. Foundations laid under the following combinations assure prosperity and a long life for the house to be constructed.

(1) From the Lagna, the Moon should be in the 10th; Jupiter in the 14th and Mars and Saturn in the 11th. (2) Jupiter in Lagna, Mercury in the 7th, Saturn in the 3rd, the Sun in the 6th and Venus in the 4th. (3) The rising sign should be occupied by Venus, the 10th house by Mercury, any Kendra by Jupiter and the 11th by the Sun. (4) The Moon in the rising sign, Jupiter in the 7th and Mercury in the 10th. (5) Venus in the 10th, Jupiter in the 7th and Mercury in Lagna - which should be a fixed sign. (6) Jupiter in Lagna (fixed) Mercury in the 7th and the Moon in the 10th.

Any of the above planetary positions at the moment of laying the foundation will establish the building in prosperity for a long number of years.

Jupiter in combination with Rohini, Mrigasira, Aslesha, Uttara. Poorvashadha, Uttarashadha, Sravana and Uttarabhadra, on a Thursday forms what is known as Raja yoga and this is considered very fortunate for starting the construction of a house.

III) Digging Wells:

The object of sinking a well is to get a perpetual supply of clean and healthy drinking water. Varahamihira deals exclusively with the topic of divining the presence of water by reference to the growth of certain types of vegetation. The water falling from the clouds is soaked into the earth and according to internal conditions, runs into different channels. These channels of water are what are called under-currents. The type of vegetation present in the soil is said to give a clue to the distance of these under-currents from the ground level. For instance, Varahamihira

says that if one sees a Vetasa in a waterless tract, one can find water by digging the ground at a distance of 3 cubits to the west of it, half a purusa (about 3 1/2, feet) below the earth. These can be easily tested by our water-diviners before condemning them as antiquated or superstitious. Soil conditions are influenced by climatic factors which in their turn have reference to planetary radiations. Therefore when wells are dug under favourable planetary conditions, a plentiful supply of water is expected without much expense.

Revati, Uttarabhadra, Hasta, Anuradha, Makha, Sravana, Rohini and Pushyami are favourable for digging wells. The rising sign should be Pisces, Cancer or Capricorn. Aquarius and Taurus will not give a good supply of water. Venus and the Moon should be in Kendra's. If the digging operation is begun in the sign occupied by the Sun, delay will be caused on account of the presence of hard-rock. An abundant supply of sweet water is indicated when the Moon or Venus is in a quadrant identical with a full watery sign. Venus and Moon are watery planets, while Cancer, Capricorn and Pisces (full) are watery signs.

Best Tidhi : 2, 3, 5, 7, 10,11, 13(On Both Paksha)

Best Vaara : Monday, Wednesday, Thursday, Friday

Best Naksitra : Aswini, Rohini, Mrugasira, Uttara, Hasta, Chitta, Swathi, Anuradha, Uttarashadadhanista, Sravanam, Dhanista Shatabisham, Uttarabadra, Revathi are Auspicious.

Lagna : Vrushab, Midhun, Simh, Kanya, Vruschik, Kumbh, Meen

Planetary : 4,8,12 houses should be empty.

S. GRIHA PRAVESH MUHURTA (ENTERING IN TO A NEW HOUSE):

New houses should be entered when the Sun is in Uttar Ayana, and when Jupiter and Venus are strongly disposed, after necessary worships and Bhootabali.

The lunar months of Vaisakha, Jyesta, Magha and Phalguna are the best while Kartika and Margasira are neutral or middling. The most auspicious lunar days are the first of the dark fortnight, 2nd, 3rd, 5th, 7th, 10th, 11th and 13th of the bright half.

Rohini, Mrigasira, Uttarashada, Chitta and Uttarabhadra are the best constellations. Anuradha and Revati are also permissible. The other constellations should be rejected.

Monday, Wednesday, Thursday and Friday are auspicious. Saturday is also recommended by some Muhurta writers, but there is risk of frequent thefts.

The Lagna or the ascendant should be a fixed sign. Common signs are ordinary white movable signs should be generally avoided. Provided, however, the NavamsaLagna is Taurus, a movable sign may be selected. The 8th house from the Lagna should be vacant.

Malefic should be disposed in Upachayas, benefics should fortify quadrants, the Moon must be strongly disposed and the rising sign should preferably be owned by Jupiter or Venus. When entry into a new house is affected under such a combination, prosperity and long life are said to be conferred on the person concerned. Griha Pravesam done in one's own Janma RAASI (ZODIAC) . Janma Nakshatra or JanmaLagna, will produce highly beneficial results

Griha Pravesam should not be done when the wife is in advanced pregnancy (above 6 months).

Best Tidhi : 2, 3, 5, 7, 10,11, 13(On Both Paksha)

Best Vaara : Monday, Wednesday, Thursday, Friday

Best Naksitra : Aswini, Rohini, Mrugasira, Uttara, Hasta, Chitta, Swathi, Anuradha, Uttarashadadhanista, Sravanam, DhanistaShatabisham, Uttarabadra, Revathiand Pushyamiare Auspicious.

Lagna : Vrushab, Midhun, Simh, Kanya, Vruschik, Kumbh, Meen

Planetry : 4,8,12 houses should be empty.

T. BUYING LANDS FOR BUILDINGS:

The best asterisms for buying a land are Aswini, Rohini, Mrigasira, Punarvasu, Pushyami, Uttara, Hasta, Swati, Anuradha, Uttarashadha, Sravana, Dharushta, Satabhisha and Uttarabhadra. Rikthatithis must be scrupulously avoided. Monday, Wednesday, Thursday and Saturday are good.

It would be better if the lord of the weekday concerned occupies the Lagna at the time of the transaction. Some ancient astrological works recommend Tuesday also as suitable. But in our humble view, Tuesday should be rejected.

At the time of making the final negotiations, let preferably a fixed sign rise and let Jupiter occupy a Kendra or trikona. Mars should be placed in the 11th house and he should not be in Lagna. The lords of Lagna and the 7th should be harmoniously disposed. Avoid the 11th lord in the 12th.

The land can be taken possession of when the Lagna and Navamsa are occupied by the Sun and Ketu. When these planets are together in Lagna or Navamsa, the land is supposed to remain with the purchaser, permanently.

U. BUYING HOUSES:

As usual Nanda tithis are favourable. New and old houses can be purchased on Thurs- days and Fridays. The auspicious constellations are Mrigasira, Aslesha, Makha, Pubba, Visakha, Moola, Punarvasu and Revati. Taurus, Gemini, Leo, Libra and Scorpio are the best signs. Malefic should be avoided in the 7th house, as they may cause trouble and annoyance. Mars should not be in Lagna.

V. REPAIRING HOUSES:

Do not commence repairs on Tuesdays. Friday at a moment when Lagna is Taurus or Libra and Monday when Cancer is rising are very suitable for beginning repairs. The Lagna must be occupied by a benefic and the Moon should be in an aquatic sign. Monday, Wednesday and Thursday are the best.

Walls can be whitewashed on Monday, Wednesday, Thursday and Friday. As usual, inauspicious lunar days and fiery, constellations should be avoided.

No repairs should be started under the constellations of Krittika, Makha. Pushyami, Pubba, Hasta, Moola and Revati when Mars is transiting these constellations.

The most ideal combination either for laying the foundation or for entering houses or for buying and selling property is a Thursday identical with the presence of Jupiter in the following constellations:

Rohini, Mrigasira, Aslesha, Uttara, Poorvashadha, Uttarashadha, Sravana and Uttarabhadra.

Dismantling Buildings: When you want to pull down a house, see that it is done on a day ruled by a fiery constellation preferably when the rising sign is movable. Then the Moon should be waning. Mars should be in an Upachaya. Avoid Thursdays, and the 8th, 9th and 30th lunar days.

W. MOVING TO ANOTHER HOUSE:

This can be done when the usual Tarabala and Chandrabala are present, one's birth constellation would be propitious. Monday, Wednesday, Thursday and Friday are favourable. Saturday, Sunday and Tuesday should be rejected as also Rikthatithis or negative lunar days. If the house is taken for a purpose other than residential, then strengthen the Bhava or house denoting the purpose. Thus if the house is taken for investment purposes, see that the 11th house is strongly disposed. In any case an auspicious lunar day, a favourable constellation and a good weekday are very necessary so that the object in view may be gained.

X. BUYING LAND FOR AGRICULTURE:

Monday, Wednesday and Saturday are good. Let the Moon be waxing and Mars be in the 4th house. As usual, avoid the. The best asterisms are: Aswini, Rohini, Mrigasira, Punarvasu, Pushyami, Uttara, Sravana, Satabhisha, Uttarabhadra, Vishitkarana may also be avoided. If due to any unavoidable circumstances, it is not possible to be present at the land to gain possession at the auspicious moment selected, then pick up and carry away a handful of earth, from that land when Cancer is rising and the last pada of Bharani, Aridra or Visakha is ruling.

Y. JOURNEY:

The best lunar days are the 2nd, 3rd, 5th, 7th, 10th, 11th and 13th. The 14th lunar day and Full and New Moon days should be avoided at any cost.

If a journey is undertaken in the following constellations, the person is supposed to return back early after satisfactorily completing his work: Mrigasira, Aswini, Pushya, Punarvasu, Hasta, Anuradha,

Sravana, Moola, Dhanishta and Revati. It is better that the journey is commenced in the 2nd, 3rd or last quarter of the constellation. The first quarter may be avoided as far as possible.

No journey should be undertaken on days ruled by Krittika, Bharani, Aslesha, Visakha, Pubba, Poorvabhadra and Aridra. Of these, the following nakshatras may be deemed fit for travelling beyond the spheres of evil influence: - Krittika - 13 ghatis; Bharani - 7; Makha - 14; Pubba, Poorvashadha and Poorvabhadra - 16; Swati, Aslesha and Visakha - 14. In our humble experience, it is found that Bharani and Krittika should always be avoided while the other stars given in this paragraph, journeys can be undertaken in.

We have to emphasise that Bharani and Krittika should be invariably rejected.

Do not travel towards the East on Saturday and Monday; towards South on Thursday; towards West on Sunday and Friday and towards North on Wednesday and Tuesday. Provided the journey is timed to begin beyond 22 ghatis on Thursday, 12 ghatis on Tuesday and Wednesday; 15 ghatis on Friday and Sunday, 8 ghatis on Saturday and Monday, the above restriction does not hold well. In our view, Tuesday must preferably be avoided.

Aries, Taurus, Cancer, Leo, Libra and Sagittarius are favourable signs for starting on a journey.

Rising sign at the time of journey being one's Janma RAASI (ZODIAC) is highly favoured.

Let Jupiter or Venus be well placed in Lagna at the time of starting. This makes the journey successful

The following general combinations would be of utmost importance to the average person:-

- (1) Let the Moon be strong and dignified at the time of starting.
- (2) Avoid days of vernal and autumnal equinox and the days on which the Sun enters a new sign every month.
- (3) The Moon should be in the 3rd, 6th, 9th or 12th and Jupiter in a Kendra from Lagna.
- (4) Start when the Moon is in Lagna fortified by the disposition of Jupiter or Venus in a Kendra.

- (5) Jupiter strong in Lagna and the Moon in any place other than the 8th would be a strong combination.
- (6) The journey will be easy and peaceful if the Moon is in the 7th and Venus and Mercury are in the 4th.
- (7) Mercury in the 4th, Jupiter in the 2nd or 7th will neutralise all the other adverse influences.
- (8) Benefics dignified in Kendra's of trikonas act as powerful antidotes for all evils.
- (9) Jupiter in Lagna, malefic in Upachayas and Venus in any house other than the 7th would be ideal combinations.

Z. FILING LAW - SUITS:

Avoid the usual unfavourable lunar days. Aswini, Rohini, Mrigasira, Pushya, Uttara, Hasta, Chitta, Anuradha, Dhanishta and Revati are good. Tuesday and Saturday should be avoided. Strengthen the Lagna by placing Jupiter in a Trikona. Let there be no malefic in the 6th house. The lords of Lagna and the 6th should be as far apart as possible. The Lagna or at least the Navamsa must be Aries in order to assure success to the litigation. If benefics occupy Kendra's or occupying the male signs, have beneficial aspects, there will be peace between the parties.

10. MUHURTHAS FOR NEW BORN CHILD RELATED TO SHODASHA KARMAS.

A) NAMAKARANA (NAMING THE CHILD):

The best day for this ceremony would be the 10th, 11th, 12th, 16th and 21st day of the child's birth. If this is not possible, then an auspicious day must be fixed for the purpose.

BEST STARS FOR NAAMAKARANA ARE:

Anuradha, Punarvasu, Makha, Uttara, Uttarashadha, Uttarabhadra, Satabhisha, Swati, Dhanishta, Sravana, Rohini, Aswini, Mrigasira, Revati, Hasta and Pushya are auspicious.

Thidhi to be avoided:

The 4th, 6th, 8th, 9th, 12th, 14th lunar days; Full Moon and New Moon should be avoided.

Monday, Wednesday, Thursday and Friday are good. Other weekdays are not good. As far as possible, the Lagna must be rendered

strong and the 8th house should be unoccupied. Fixed signs are preferable and common signs are good when occupied by benefices. If Jupiter occupies a Kendra or thrikona and a malefic is in the 11th the time is held to be very auspicious. Another equally propitious combination i.e. the time when the Lagna falls in's benefice sign with a malefic in the 3rd, Venus in 12th and the Moon in a dignified abortion.

Generally the name to be given to a male child should consist of an even number of letters (e.g., Rama, Krishna, etc.), while a female child should be given a name containing uneven number of letters e.g., Parvathi, Janaki, etc.). The name must also be appropriate to the ruling star.

B) CRADLING:

The best time for this would be the 10th, 11th,12th, 16th, and the 21st day after its birth.

C) ANNA-PRASANA (FIRST FEEDING ON RICO):

Let the first feeding on rice be done in the 6th, 8th, 10th, or 12th month on even days for a boy and for the case of girl it is said to do on 7,9,11th month in odd days. Good nakshatras for feeding is Aswini, Mrigasira, Punarvasu, Dhanishta, Pushyami, Hasta, Swati, Anuradha, Sravana, Satabhisha, Uttara, and Chitta, avoiding the usual unfavourable lunar days. The 10th house must be unoccupied. The first feeding should not be done in the constellation of Aridra, Krittika, Jyeshtha, Bharani, Aslesha, Poorvashadha and Poorvabhadra.

Monday, Wednesday, Thursday and Friday are good. Aries. Scorpio and Pisces are inauspicious. Mercury, Mars and Venus should not occupy respectively the 7th, 8th and 9th houses. Mercury, Jupiter or Venus in Lagna is highly commendable. No malefic should occupy the ascendant.

The most important factor in this function is the month; hence one should not mind even if Jupiter and Venus are combust.

D) KARNAVEDHA (EAR BORING):

This should be done on the 11th,12th,16th and 21st day of the birth of the child or in the 6th, 7th or 8th month, either in the forenoon or in the afternoon but never during night. A day ruled by two asterisms

or two lunar days is not propitious as also the other lunar days usually declared as inauspicious.

Monday, Wednesday, Thursday and Friday are good. At the time of boring the ears, the 8th house should be unoccupied; Aquarius, Leo and Scorpio.

E) CHOWLAM (TONSURE) - FIRST HAIR CUT FOR CHILD:

The learned say that Chowlam is a very important karma because it involves the first cutting of hair which means discharge of electrical currents from the child for the first time. The ceremony when properly done is said to prolong the life of the child. It should not be done when the mother of the child is pregnant. Chowlam may be performed in the 3rd or 5th year when Jupiter and Venus are free from combustion and when the Sun is in the Tropic of Cancer. The bright fortnight is said to give longevity while the dark fortnight is supposed to affect the health.

The 2nd, 3rd, 6th, 7th, 10th, 11th and 13th lunar days are good. The 4th, 1st, 6th, 8th, 9th, 14th and New and Full Moon days should be rejected.

Punarvasu, Mrigasira, Dhanishta, Sravana, Revati, Pushya, Chitta, Aswini, Hasta are favourable; Swati, Rohini, Satabhisha, Uttara, Uttarabhadra, Uttarashadha are ordinary. Tonsure should always be done in the forenoon.

Monday, Wednesday, Thursday and Friday are good.

Cancer, Virgo, Gemini, Pisces, Libra, Taurus and Capricorn rising give rise to good results. The rest are not beneficial. But they can be employed provided benefics occupy the Lagna and the Lagna is otherwise strong. But Aquarius should be rejected at any cost, no matter how powerful it might be. Let the benefics occupy the 4th, 5th, 7th, 9th, 10th and 11th and malefic the 3rd, 6th and 11th. The 8th house must remain unoccupied. The 7th house should not be occupied by either the Sun or Mars or preferably by any malefic.

F) AKSHARABHYASA (COMMENCING EDUCATION):

As per muhurtha chintamani most commencing education is the 6th day in the 5th month of the 5th year. The following days constellations are good: Monday, Wednesday, Thursday and Friday;

Aswini, Punarvasu, Aridra, Hasta, Chitta, Swati, Sravana and Revati. Movable and common signs are good.

Forenoon and noon are preferable. The 8th house should be unoccupied.

Mercury, Venus, Jupiter in the 9th counteracts all evil influences.

11) **BASICS OF PLANETS AND THEIR QUALITY**

The following are the occupations governed by the different planets.

- i) **The SUN** denotes kings, members of political department, ministers, magistrates, lawyers and civil servants. The Sun favourably situated in relation to the 10th house bestows professions of the above nature.
- ii) **The MOON** rules over nurses, midwives, jewellers, dealers in pearls and precious metals, and also governmental activities.
- iii) **MARS** produces soldiers, warriors, carpenters, mechanics, surveyors, chemists, bankers, commanders, insurance agents, and butchers.
- iv) **MERCURY** gives rise to preceptors or school masters, astrologers, mathematicians, authors, printers, secretaries, book-sellers, accountants and insurance agents.
- v) **JUPITER** makes one a priest, a lawyer, a councillor, judge, scholar and a public man.
- vi) **VENUS** produces artistes, musicians, actors, perfumers, jewellers, wine sellers and solicitors with a keen intellect.
- vii) **SATURN** governs different kinds of professions involving responsibility and subordination, mill hands, composers, hawkers, factory workers, scavengers and manual workers in general.

viii) **DAILY HORA**

The Hora is one hour duration in a day, ruled by a particular planet. In a week, on each of the seven days, starting from the sunrise or sunset time, there are 24 horas ruled by the seven planets. Depending on the ruling planet the horas are either suitable or inimical for various undertakings. This can be used to select a suitable time for an undertaking.
